## POST-OFFICE NOTES.

The Postoffice is open for general delivery on 8 a. m. to 6 p. m.  
Money order Department open from 8 a. m. to 6 p. m.

## MAIL ARRIVALS.

From East and West at 12 m., departs 3 m.  
Bisbee mail departs 6 a. m.; arrives 6 p. m.

## A. &amp; S. E. R. E.—TIME CARD.

**LEAVE.**  
Bisbee, 7:00 a. m.  
Fairbank, 12:00 noon.  
Daily, except Sunday.

**ARRIVE.**  
Fairbank, 4:30 a. m.  
Bisbee, 2:30 p. m.  
Daily, except Sunday.

BEN WILLIAMS,  
Supt.

## LOCAL HAPPENINGS

Latest periodicals at Monmonier's.

Thermometer 86 at Yonge's drug store yesterday.

Mr. Frowd, of the Huachuca, was in the city last evening.

Large stock of fine perfumes just received at Monmonier's.

Boston baked beans and liquid refreshments at the Fashion to-night.

Venison cutlets at the Can Can today.

Pictures, picture frames, mouldings and artists' materials at Monmonier's.

Idaho Territory has about 2,000 miles of irrigating ditches.

Joe Brown will furnish the Weekly Chronicle, Examiner, Call or Bulletin for \$1.50 per year.

No news has been received from the Huachuca as to whether they will play ball on Thanksgiving day or not. The boys over there might at least say yes or no.

Stevenson &amp; Walker are the authorized agents for Louisiana lottery tickets in this city. By investing \$1 you have a chance of winning a fortune.

Another of those delightful soirees will be given at Mining Exchange Hall this evening under the management of J. W. Shepperd. Go and enjoy yourself.

Suit was commenced in the District Court Thursday by the Neptune Mining Company against Charles Granville Johnston to quiet title to the Hayes mill site.

Great attraction at the Crystal Palace every night. Miss Annie Cushman. New Star! New attraction! Superb singer! Don't fail to go and hear her. Also the finest liquors and cigars in the city.

The finest assortment of holiday goods, consisting of toys, wagons, velocipedes, dolls, books, plush goods, Xmas cards, metal novelties, etc., etc., will be on exhibition at Joe Brown's on and after the 25th instant.

Señor Leonardo Gamez, who has been in this city several weeks under the treatment of Dr. Goodfellow for an affection of the throat, leaves today for his home in Arizpa, Sonora. He is entirely cured and has a very kindly feeling for Tombstone.

The school children will give a fair at Mining Exchange Hall on Thanksgiving day for the purpose of purchasing additional books for the school library. We understand that handiwork of the children will be offered for sale and that the booths will be presided over by some of our most charming society belles. The law does not allow the trustees to expend the school money for the above purpose, and hence this method of raising money has been decided upon.

## MINES AND MINING.

The outlook in this district shows a marked improvement this week, and a greater amount of work is being done on the smaller properties. The large mines are working about the same. Good reports continue to come in from mines in outside districts—notably the Copper Queen, of Bisbee, the report being that an immense body of high percent copper ore has been found with the diamond drill after drifting 1,000 feet and drilling 1,200 feet. No further particulars are obtainable at present. The mines in Turquoise district continue to increase in richness with depth and work has commenced on several adjoining properties. We understand that the Dragoon, a patented mine in that district, will soon be started up by Mr. Seaverns, the owner. This mine adjoins the Defiance and no doubt is equal in extent and value. Other outside camps give similar good reports.

Assessment work is being done on the Fisher group of mines, which adjoin the Rattling Boy on the south. The group is owned in San Francisco and the work is being done by C. F. Hines, who will also do assessment work on the C. O. D. and Telephone mines. There is a strong probability of the Telephone mine soon starting up with a good force of men.

Nothing new to report at the Emerald.

The output of ore continues to increase from the Big Comet.

The Herschel is producing its usual amount of high grade ore.

Nothing new to report for the T. M. & M. Co. Everything is going on as usual.

The Vizina is proving a surprise to many who thought the mine was worked out. It is steadily producing sufficient good ore to run the mill, which is satisfactory evidence to all concerned.

It is stated that the mines belonging to the Watervale mining company will be started up in a short time and that an engineer and assistant will be put to work this morning to put the machinery in order.

The Sterling Silver mill continues to run steadily on Vizina ore. The drift in the well has not yet been completed although only a few feet yet remain.

The owners of the Joanna gold mine, Robinson district, Eastern Nevada, ask \$250,000 for their property. They have been offered \$100,000, which they refused. It is said there is in that part of the State a great gold zone. This zone passes through the Snake range just north of Wheeler's Peak, commonly known as Jeff Davis Peak, and has heretofore been thought to run a trifle south of west, instead of north of west, as now seems to be the case. The wonderful Osceola placers are situated in this gold belt, about ten miles north of Wheeler's Peak, and Robinson district lies about thirty-five miles north of west of Osceola and some ten miles north of Ward, in the Stepoe mountains. Mining has been carried on in that district many years but gold rock was never found in paying quantities and it was generally thought to be a copper district. Numerous gold ledges have been found about thirty-five miles south, near the northern line of Lincoln county, but they were too low grade to be profitable at that time. Nevada may yet prove a gold country.

## YAVAPAI COUNTY.

Mines in this county are keeping up their ancient reputation for richness. From John Curtin, who came in recently from Slate Creek, we learn that the Mark Twain, Blue Dick and Dorris mines, in Haasayampa district,

are yielding a great deal of very rich ore. Mr. Curtin and his partner took \$1,000 worth of rich ore from the Mark Twain in a short time. The Blue Dick is also producing fine ore. —Prescott Courier.

United Verde mines, carrying gold, silver and copper, are all the time producing bullion. Miners of small means are taking ore from many mines and shipping it to Colorado. —Ibid.

One hundred dollars a week is what Fred Satters has been making in a quartz mine near Prescott. —Ibid.

It is reported that Messrs. Large and Briggs, Denver mining men, have made a part payment on the Roberts mine in Castle Creek, and thereby secured the privilege of working the property before further payment. The vein has a 20-foot shaft showing a five-foot pay streak that runs \$58 in gold, of which \$28 can be saved on the plates and the remaining \$30 is concentrated and smelted. A five-stamp mill has been secured for running the ore. —Phoenix Herald.

## Information Wanted.

Information is wanted of F. E. Marshall, who was in Tombstone within the last three years. Notice of the death of a man by that name was recently published, but the name of the place was not given. Any information will be thankfully received by St. Clair Marshall, Enterprise, Minnesota.

Special Agent McCoy and Collector of Customs Clark, of El Paso, arrived yesterday and are registered at the Cochise. They will leave tomorrow for the line by private conveyance and will visit all stations between here and Yuma. Mr. Clark has been recently appointed to the position and is desirous of making a personal inspection of the division under his charge. They are well equipped with everything necessary for a pleasant trip.

Phenix has written to Tombstone that they can't come and play ball, giving as a reason therefor that they can't raise the necessary cash. We strongly suspect that they fear that the championship of the Territory will desert them if they play a game outside of their own town and on their local strength. The title is an empty one, anyhow, and especially so considering that importation was necessary to gain it.

About one o'clock Monday morning last, at the Peck mine, Matt Van Winkle slipped behind Joe Campbell's bar, seized a double-action revolver, and with no provocation, stepped to the door firing the pistol, shooting Joe Campbell through the left side and Will Connors through a finger. Mr. Campbell's wound is not fatal. Connors came to town last evening. Van Winkle is at large. —Prescott Courier.

The Indian who is accused of having murdered Peter Verdier, tried to add another victim to his string Sunday night by attempting to kill the Mexican woman who is held in jail as a witness against him. Deputy Hickey heard the woman scream, made haste to learn the cause and took the scoundrel away. —Prescott Courier.

J. L. Waters and Antonio Rodriguez returned from a trip to the Swiss Alps Thursday night. They were gone twelve days and killed fifteen deer. They did their hunting above Colonel Herring's ranch and are much elated over their success.

Harris, the tailor, has received a large stock of fall and winter goods of the latest patterns.

Stationery, paints, oils, etc., at Monmonier's. 7-20

## Notice.

If you want pure, straight whiskey, of the most celebrated brands, drop into the Pony saloon and satisfy yourself of this fact. The Pony also carries the finest brands of domestic and imported brandies and wines; also porters and all kinds of liquors, Tom and Jerry and hot Scotch; hot spiced rum is a specialty; the Carman Key West cigars—the finest for the money to be had in Arizona; St. Louis Anheuser Busch lager beer on draught at all times. No favorites. Come, all. HENRY CAMPBELL, Proprietor.

Judge R. E. Sloan, of the First District, has been vindicated by the bar of Tucson, a large majority of which, it has been represented, met and passed certain libelous resolutions. Out of a membership of twenty-one attorneys Messrs. Maxwell, Lovell, C. W. Wright and M. Gervais attended a "meeting of the bar of Tucson" and each of the four declare positively that there was no such resolution condemning Judge Sloan or criticising him, as is represented to have been passed by the "meeting." It is said that ex-Associate Justice Barnes was present, but a reporter of the Citizen investigating the matter failed to find the judge. The fact appears to be that somebody has seen fit to pour out a good bit of personal animosity and bitterness upon a suffering community at Judge Sloan's expense. The Herald predicts that Judge Sloan's detractors and enemies, probably entirely in the Democratic camp, will learn a thing or two respecting that gentleman before they get through with this dirty, causeless little fight which they have begun on him. —Phoenix Herald.

## Attention, Windmill Men!

Parties desiring to purchase windmills will do well to investigate the merits of the Aeromotor, which is the latest improved, showing an increase of power of 35 per cent. A 12-foot wheel is guaranteed to do as much work as any 16-foot wooden wheel in the market. In all respects it represents the latest improvements of inventive skill. For further information and circulars address HOFF, Of Tucson, Box 120, Tucson, Arizona. 9 26td

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best success. For sale by H. J. Peto.

## Summons.

In the Justice Court of precinct No. One, county of Cochise, Territory of Arizona.

Before John C. Easton, a Justice of the Peace.

Otto Metchke, plaintiff, vs. H. B. Maxson, defendant. Action for debt; complaint filed in my office and summons issued.

The Territory of Arizona sends greeting: To H. B. Maxson, defendant—You are hereby summoned and required to appear at my office, in Precinct No. One, county of Cochise, Territory of Arizona, to answer the complaint of plaintiff, now on file in my office, within five days, should this summons be served upon you in this precinct; if served upon you without this precinct, but within this county, ten days; otherwise within twenty days (exclusive of the day of service) from the day this summons is served upon you.

This action is brought to recover a judgment against you for the sum of \$74.23 for work and services performed for you at your request, as alleged in plaintiff's complaint now on file in my office, to which you are referred for further particulars, and costs of suit; and you are hereby notified that should you fail to appear and answer within the time stated in this summons the plaintiff will apply to the court for a judgment against you for said demand and all costs.

Given under my hand at my office in said precinct this 25th day of October, 1889.

JOHN C. EASTON,  
Justice of the Peace.

## Constable's Sale.

By virtue of an execution issued out of Justice John C. Easton's Court, of Precinct No. 1, county of Cochise, Territory of Arizona, dated the 22d day of October, 1889, in a certain action wherein Amelia Truett, as plaintiff, recovered judgment against Frank Frary, defendant, for One Hundred and Eight dollars debt, and Fourteen and 11/100 dollars costs of suit, on the 21st day of October, 1889, I have levied upon the following described property, to-wit: First, on a certain mining location or claim in the Tombstone Mining district known as the Blue Mineral mine situated about two miles south of Tombstone; second, on eleven sacks of ore at the mine; third, on said Frank Frary's interest in the partnership or association known as the Undertakers Association of the city of Tombstone.

Notice is hereby given that on Wednesday, the 13th day of November, 1889, at 12 o'clock M. of that day, in front of the Court House in the city of Tombstone, county of Cochise, I will sell all the right, title and interest of Frank Frary in and to the above described property, at public auction, for cash in hand, to the highest and best bidder, to satisfy said execution and all costs.

Dated at Tombstone the 22d day of October, 1889.

S. T. CARR, Constable.
